Proceedings of the Government of His Highness the Maharaja of Mysore.

****

Order No. G 6729-76 dated 19th May 1911
G.M. 278-10-1

His Highness the Maharaja has had under his consideration for some time the desirability of associating men of enlightenment within the State, public spirited citizens, prominent agriculturists, merchants, &c., with the officers of Government in deliberations connected with economic progress in Mysore.

2. The Representative Assembly goes a certain way in this direction but it is obvious that a large body meeting and deliberating only once a year can do but little. Public interest in the numerous questions of the kind under consideration which claim attention can only be kept alive by a constant interchange of views and discussions among those competent to deal with them. In His Highness' opinion, what is needed is a series of conferences to stimulate the capacity for effort among the people and

to suggest the adoption of practical measures by Government, where Govt. can render assistance.

3. It is therefore proposed that advantage should be taken of the occasion of the festivities connected with the birthday of His Highness the Maharaja in June every year, when the Heads of Departments and Deputy Commissioners of Districts assemble in Mysore for holding an annual Conference to discuss the more important questions that affect the material prosperity of the State. It will be the duty of the Conference to work up, progressively, the various questions which they deal with, till they are ripe for practical action. There are many questions, on which the public themselves have to take action or in which their co-operation is needed. The functions of the Conference will not overlap those of the Representative Assembly. The Members of the Legislative Council, two of whom are nominated ~~by~~ on the recommendation of the Assembly, will be members of the Conference.

18 May 11

4. The following officers and gentle-

will constitute the Conference:-

President - The Dewan of Mysore.

Vice-Presidents - The Members of Council.

Members -

(1) Selected Heads of Departments

(2) Members of the Legislative Council.

(3) Selected retired officers of Government.

(4) Deputy Commissioners.

(5) Leading private gentlemen selected from the classes named in para 1 supra, not less than six nor more than eight in number.

The Selection of members under (1), (3) and (5) ~~The members~~ will be ~~nominated~~ by the Government and the names of the members selected will be published in the official Gazette.

Persons thus nominated will be members of the Conference for a period of three years from the date of nomination, and at the expiry of such period will be eligible to be again nominated. members of the Legislative Council will be members of the Conference as long as they continue to be members of the Legislative Council.

5. The Conference will meet ordinarily in June every year, but for the consideration of any important questions meetings may be convened at other times of the year by a special order of His Highness the Maharaja. The time and place of the meetings of the Conference will be notified to the members beforehand.

6. A list of subjects which may be dealt with by the Conference is appended to this order. Any additions which may suggest themselves may also be made to

this list from time to time by the Conference. It should be clearly understood that the Conference shall not discuss any questions which concern the prerogative of His Highness the Maharaja, the constitution of the State, its relations with the Government of India or the policy of the Supreme Government.

7. The Deputy Commissioners of Districts who are members of the Conference should consult the leading men of their districts in regard to the subjects suggested for discussion and come to the Conference posted with the views of m such men so that they may be able to represent public opinion as well as their own.

8. For the present the proceedings of the Conference will not be open to the public and the discussions should be treated as confidential. Such recommendations as have the support of two-thirds of the Conference may be submitted in the form of Resolutions for the consideration of Government. Government may take such ac-

action as it deems fit on these Resolutions.

9. From the list of subjects, the Conference will select questions which may usefully be taken up for study and discussion, and appoint Committees composed of official and non-official members to carry on its work in the following year. Sub-Committees composed of officials, members of the Representative Assembly, and non-officials may also be appointed by the Conference - one in each District - under the supervision of the Deputy Commissioners. These Sub-Committees will develop work in the Districts under the guidance of the Central Committees.

10. To begin with, an officer of Government will be appointed as Secretary to the Conference and will also act as Secretary to each Committee appointed by the Conference. With him there may be associated an Honorary Secretary selected from among the non-official members.

11. The Committees and Sub-Committees should meet once a month and oftener if

necessary. On every question considered by the Committees correct information should first be collected in regard to its importance to the Province and a note or monograph prepared embodying the same. The next step will be to compare conditions in Mysore with those in other countries or localities. The Committee may issue their monographs to the public and the press in order to stimulate public discussion. The cost of printing the monographs will be borne by Government. The Committees may consult any expert opinion both within and outside the State. It will be their duty to collect information of value from every quarter and make it available both to the Government and the public in an easily assimilable form. Ordinarily the Committees will report their opinions and recommendations to the Conference once a year, before the end of March, so as to be available to the Conference during the next Session

12 The first Session of the Conference will commence on Thursday the 8th June 1911 and may be continued

that in the first year, three
Committees may be appointed
by the Conference, and the
subjects selected distributed
among them. The Conference may
also suggest any modifications
that may be considered necessary
in the rules above laid down to
ensure the smooth working of
the scheme and to increase its
usefulness, and also adopt such
subsidiary rules as may be required
